SUMMARY

Motivated and versatile Computer Engineering graduate with hands-on experience in Web Development, Mobile Application Development, Graphic Design, Software Testing, and Artificial Intelligence. Skilled in designing and developing responsive websites, Android applications, digital marketing creatives, admission campaign materials, and user-centric interfaces using technologies such as Java, Python, JavaScript, Firebase, Adobe Photoshop, Canva, and Figma.

Experienced in software testing, debugging, quality assurance, technical documentation, data entry, and AI-assisted development workflows. Strong understanding of cloud technologies, version control systems, and modern development practices. Recognized for leadership, communication, problem-solving, and project management abilities through academic, technical, and extracurricular achievements.

Passionate about leveraging technology, creativity, and innovation to build high-quality digital solutions while continuously learning and adapting to emerging technologies in software development, design, testing, and artificial intelligence.

EDUCATION

Rajarshi Shahu Maharaj Polytechnic, Nashik

Diploma in Computer Engineering

2022 – 2025

EXPERIENCE

Mobile Application Development Intern (6 Weeks)

Sumago Infotech

Nashik

- Developed Android applications using Java and Firebase.
- Built a WhatsApp Clone with authentication and real-time messaging features.
- Participated in debugging, testing, and performance optimization activities.
- Collaborated with development teams to improve application functionality and user experience.

PROJECTS

E-Commerce Shopping Platform

- Developed a responsive online shopping website with authentication, product management, shopping cart, and checkout functionality.
- Integrated Firebase for database management and user authentication.
- Implemented responsive UI using HTML, CSS, JavaScript, and Bootstrap.

Personal Portfolio Website

- Designed and developed a professional portfolio website showcasing projects, technical skills, and achievements.
- Implemented responsive layouts and modern user interface components.

WhatsApp Clone Application

- Built a real-time messaging application using Java, XML, and Firebase.
- Implemented authentication, chat functionality, and real-time database synchronization.

AI-Assisted Development Projects

- Utilized modern AI tools to accelerate development workflows, content generation, debugging, and software productivity.
- Explored practical applications of Generative AI in software development and testing.

TECHNICAL SKILLS

Programming Languages:

Java, Python, JavaScript, C++, HTML5, CSS3

Web Development:

HTML, CSS, JavaScript, Bootstrap, Responsive Web Design, Front-End Development, Firebase Integration, Website Deployment

Mobile Application Development:

Android Development (Java), XML, Firebase Authentication, Real-Time Database, Firebase Cloud Services, Mobile UI Development

Graphic Design & Creative Tools:

Adobe Photoshop, Canva, Figma, Banner Design, Flyer Design, Poster Design, Social Media Creatives, Flex Design, Branding, Typography, Color Theory, Image Editing, Photo Retouching

UI/UX Design:

Figma, Wireframing, Prototyping, Responsive Design, User Experience Design, User Interface Design

Game Development & Testing:

Unity Fundamentals, Game Design Concepts, Game Mechanics Testing, Asset Integration, Gameplay Debugging, Level Design Basics

Software Testing & Quality Assurance:

Functional Testing, Manual Testing, Test Case Creation, Bug Reporting, Defect Tracking, User Acceptance Testing (UAT), Performance Testing Basics

Artificial Intelligence:

Generative AI Tools, Prompt Engineering, AI-Assisted Development, AI Content Generation, AI Productivity Workflows, Large Language Model (LLM) Applications

Cloud & DevOps:

AWS Fundamentals, Firebase Cloud Services, Git & GitHub, Version Control, CPanel Hosting

Office Productivity & Documentation:

Microsoft Word, Microsoft Excel, Microsoft PowerPoint, Google Docs, Data Entry, Technical Documentation, Content Formatting, High-Speed Typing

Soft Skills:

Leadership, Communication, Team Collaboration, Problem Solving, Time Management, Analytical Thinking, Creativity, Adaptability

CERTIFICATIONS

AWS Educate – Cloud Computing 101

Great Learning – Technology Courses

Google Cloud Learning Programs

AI and Generative AI Learning Programs

Software Testing and Quality Assurance Learning

Cloud Computing Certifications (Ongoing)

ACHIEVEMENTS

- AWS Educate Cloud Computing 101 Badge Holder - Earned 3500+ AWS Educate Learning Coins - Attended AWS Summit Mumbai 2026 at Jio World Convention Centre - Delivered Technical Sessions on XAMPP Server and Operating Systems - Recognized as Best Student for Academic Excellence and Leadership - Served as College President and Successfully Coordinated Technical Events

LANGUAGES

- English - Hindi - Marathi

CAREER OBJECTIVE

To build a successful career in Game Development, Game Testing, Artificial Intelligence, and Software Quality Assurance by leveraging my technical skills, creativity, and passion for innovation while contributing to the development of engaging and high-quality digital products.
